Sorry, typo in last email.

This new offer is 5 year \$94.10 inclusive of and with capped BCTV fee.

Please find attached the new offer from Comcast.

This is obviously not as good as the offer that expired last week however is still better than the July 2019 offer of 7 year \$95.00 per unit with no cap on the annual escalator on the BCTV fee.

This new offer is 5 year \$94.10 inclusive of and with capped BCTV fee.

If you have any questions please let me know.

Have a fantastuc day.

Subject: North Fork

Hello Greg,

Attached is the proposal for North Fork which now includes a higher rate but the same 5 year term as per customer request. In the event there needs to be more changes we will need to seek approvals from finance leadership.

Please let me know if you have any questions

Respectfully,
